EnDevCo, Inc. and Subsidiaries
Notes to Consolidated Financial Statements
June 30, 2006

NOTE 1 - Summary of Significant Accounting Policies

Basis of Presentation -- EnDevCo, Inc. (formerly Adair International Oil and Gas, Inc.) was incorporated under the laws of the state of Texas on November 7, 1980. On September 30, 2003, the Company filed a "Restated" Articles of Incorporation with the Secretary of State of the State of Texas to change its name from Adair International Oil and Gas, Inc. to EnDevCo, Inc.

Principles of Consolidation -- The consolidated financial statements include the accounts of EnDevCo, Inc. and its wholly owned subsidiaries, EnDevCo Colombia, S.A., EnDevCo Refining Corporation, Africa Energy Group, Inc., EnDevCo Eureka LLC, EnDevCo Minerals, Inc. and Superior Stock Transfer, Inc. (the "Company"). All material inter-Company balances and transactions have been eliminated in consolidation.

Cash and cash equivalents -- The Company considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

Fair value of financial instruments - Management estimates that the carrying value of financial instruments reported in the financial statements approximates their fair values.

Oil and Gas Properties -- The Company follows the full cost method of accounting for its oil and gas properties. Accordingly, all costs associated with acquisition, exploration and development of oil and gas reserves, including directly related overhead costs, are capitalized. All capitalized costs of oil and gas properties, including the estimated future costs to develop proved reserves, are amortized on the unit-of-production method using estimates of proved reserves. Depletion of oil and gas properties is computed using all capitalized costs and estimated future development and abandonment costs, exclusive of oil and gas properties not yet evaluated, on a unit of production method based on estimated proved reserves.

Depletion expensed for the six months ending June 30, 2006 was \$60,000. No depreciation, depletion or amortization was expensed for the six months ending June 30, 2005.

Income Taxes -- The Company accounts for income taxes pursuant to the asset and liability method of computing deferred income taxes. Deferred tax assets and liabilities are established for the temporary differences between the financial reporting bases and the tax bases of the Company's assets and liabilities at enacted tax rates expected to be in effect when such amounts are realized or settled. When necessary, valuation allowances are established to reduce deferred tax assets to the amount expected to be realized.

Loss Per Share -- Basic loss per share was computed by dividing loss by the weighted average number of common shares outstanding.

EnDevCo, Inc. and Subsidiaries
Notes to Consolidated Financial Statements
June 30, 2006

NOTE 1 - Summary of Significant Accounting Policies (cont)

Diluted loss per share was computed on the basis of the weighted average number of common shares and dilutive securities outstanding. Dilutive securities having an anti-dilutive effect on diluted earnings per share are excluded from the calculation.

Use of Estimates -- Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could differ from those estimates.

Newly issued accounting pronouncements - In November 2004, the FASB issued SFAS No. 151, Inventory Costs. SFAS No. 151 is an amendment of Accounting Research Bulletin ("ARB") No. 43, chapter 4, paragraph 5 that deals with inventory pricing. SFAS No. 151 clarifies the accounting for abnormal amounts of idle facility expenses, freight, handling costs and spoilage.

Under previous guidance, paragraph 5 of ARB No. 43, chapter 4, items such as idle facility expense, excessive spoilage, double freight, and re-handling costs might be considered to be so abnormal, under certain circumstances, as to require treatment as current period charges. This Statement eliminates the criterion of "so abnormal" and requires that those items be recognized as current period charges. Also, SFAS No. 151 requires that allocation of fixed production overheads to the cost of conversion be based on the normal capacity of the production facilities. SFAS No. 151 is effective for fiscal years beginning after June 15, 2005. The Company is analyzing the requirements of SFAS No. 151 and believes that its adoption will not have any significant impact on the Company's financial position, results of operations or cash flows.

In December 2004, the FASB issued SFAS No. 123R, Share-Based Payment. SFAS No. 123R is a revision of SFAS No. 123, Accounting for Stock-Based Compensation, and supersedes APB 25. Among other items, SFAS No. 123R eliminates the use of APB 25 and the intrinsic value method of accounting and requires companies to recognize the cost of employee services received in exchange for awards of equity instruments, based on the grant date fair value of those awards in the financial statements.

The effective date of SFAS No. 123R is the first reporting period beginning after June 15, 2005, and the Company expects to adopt SFAS No. 123R effective July 1, 2005. SFAS No. 123R permits companies to adopt its requirements using either a "modified prospective" method, or a "modified retrospective" method. Under the "modified prospective" method, compensation cost is recognized in the financial statements beginning with the effective date, based on the requirements of SFAS No. 123R for all share-based payments granted after that date and based on the requirements of SFAS No. 123 for all unvested awards granted prior to the effective date of SFAS 123R. Under the "modified retrospective" method, the requirements are the same as under the "modified prospective" method, but also permits entities to restate financial statements of previous periods based on proforma disclosures made in accordance with SFAS No 123. The Company is currently evaluating the appropriate transition method. Through December 31, 2004, the Company had not had any stock-based compensation awards.

EnDevCo, Inc. and Subsidiaries
Notes to Consolidated Financial Statements
June 30, 2006

NOTE 2 - Non-monetary Stock Transactions

Included in the Company's consolidated statement of operations for the period ended June 30, 2006 were expenses that were paid with Company stock. The Company issued stock in lieu of cash in transactions summarized as follows for the three months ended June 30, 2006:

Description	June 30, 2006			
	Common Shares	Value	Preferred Shares	Value
For Salaries	--	--	25,000	\$ 25,000
Other Company Obligations	10,610,004	\$ 702,000	--	--
Total	10,610,004	\$ 702,000	25,000	\$ 25,000

The fair value of the Company's common stock issued for services was deemed to be the closing trading price of the Company's common stock on the date of issuance. The preferred shares were issued on the basis of one share of preferred stock for each dollar of accrued wages.

NOTE 3 - Preferred Stock

The Board of Directors passed a Corporate Resolution that reads, "Pursuant to and in accordance with Article 2.13 of the Texas Business Corporation Act of the State of Texas the Company does hereby certify that, pursuant to the authority conferred on the Board of Directors by the Articles of Incorporation of the Corporation, and pursuant and in accordance with Article 2.13 of the Texas Business Corporation Act of the State of Texas, said Board of Directors, pursuant to unanimous written consent dated December 9, 2002, duly adopted a resolution providing for the authorization and issuance of 5,000,000 shares of "Series A" Convertible Preferred Stock, \$0.01 par value per share (the "Series A" Preferred Stock).). At the annual shareholders meeting held on October 15, 2004, the shareholders approved an increase in the total number of authorized "Series A" convertible preferred shares with a \$0.01 par value to 10,000,000. As of June 30, 2006, there were 6,115,020 shares outstanding.

Each share of "Series A" Preferred Stock which is then outstanding shall at the sole election of the holder be converted into fully paid and non-assessable shares of Common Stock of the Corporation at a conversion rate of 1,000 shares of Common Stock for each share of "Series A" Preferred Stock. The holders of the issued and outstanding shares of Preferred Stock shall have the equivalent of 1,000 Common Stock votes for each share of "Series A" Preferred Stock.

During the quarter ended June 30, 2006, 25,000 shares of Preferred Stock were issued.

NOTE 4 – Notes Payable

The Company has an Advancing Term Credit Agreement with GasRock Capital LLC of up to \$30,000,000 for the Short Junction field. The Company currently has a balance of \$9,666,213. The interest rate is 12% annually, accrued monthly.

EnDevCo, Inc. and Subsidiaries
June 30, 2006

NOTE 5 - Notes Payable - Related Party

The Company has four additional notes payable totaling \$1,863,224. All four notes accrue interest at the LIBOR monthly average interest coupon rate (5.3451% at June 30, 2006). The first two notes are in the amounts of \$363,224 and \$950,000 and are due and payable December 31, 2007. The last two are in the amounts of \$500,000 and \$50,000 and are due and payable June 30, 2009. The maker of each note consists of the following related parties OCE Partners, LLC; OCE Interests, LLC; and OCE Advisors, LLC. All notes are unsecured.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

This report, including Management's Discussion and Analysis of Financial Condition and Results of Operations, includes certain forward-looking statements. The forward-looking statements reflect the Company's expectations, objectives and goals with respect to future events and financial performance.

They are based on assumptions and estimates, which the Company believes are reasonable. However, actual results could differ materially from anticipated results. Important factors that may impact actual results include, but are not limited to, commodity prices, political developments, market and economic conditions, industry competition, the weather, changes in financial markets and changing legislation and regulations. The forward-looking statements contained in this report are intended to qualify for the safe harbor provisions of Section 21E of the Securities Exchange Act of 1934, as amended. The notes to Consolidated Financial Statements sections contain information that is pertinent to the following analysis.

GENERAL COMMENTS ON BUSINESS PLAN

EnDevCo, Inc., a shortened version of the "Energy Development Company", establishes an identity that is consistent with the business development activities currently underway to in the Corporation. The Company is actively negotiating to participate in several oil and gas projects both domestically and internationally within the traditional industry scope of oil and gas exploration and production. These activities include production of oil and gas from interests held by the Company in the United States and Colombia. The Company is also investigating investment in the development of new technologies for the enhancement of oil and gas production and the utilization of that technology to further acquire oil and gas production.

OIL AND GAS EXPLORATION AND DEVELOPMENT

The Company is pursuing oil and gas exploration and development opportunities in both domestic and international venues. Domestically, the Company has secured certain development rights in Oklahoma and offshore in the Gulf of Mexico that will provide it with the opportunity to participate in the drilling of low risk development wells. As a result of recently acquired 3D seismic data that has been integrated with previously known geological and engineering data, several low risk development drilling opportunities have been identified. Participation in these types of relatively low risk and low cost wells will provide near term cash flow to support the activities of the Company.

EnDevCo, Inc. and Subsidiaries
June 30, 2006

OIL AND GAS EXPLORATION AND DEVELOPMENT (cont)

Internationally, the Company has identified several other exploration projects that carry significant upside potential (although at higher risk). The Company currently holds an agreement for certain exploration rights in the Rio Magdalena Valley of Colombia. Our exploration teams are also evaluating other opportunities located in Canada, South America, North Africa and the Middle East.

Gulf of Mexico - The Company has entered into a farm-in agreement with BT Operating Co. wherein the Company will participate in the drilling and completion of four wells in Eugene Island Block 294 and/or Chandeleur Block 14 to earn a 50% working interest in each block prior to December 31, 2007.

The Company has also entered into a farm-in agreement with Noble Energy, Inc., Mariner Energy, Inc., and Entech Enterprises, Inc. which grants the Company an assignment of their operating rights down to a depth of 12,600 feet upon the initial commercial completion of the "OC" pay sand. Open Choke Energy, LLC has a 67% interest in the farm-in agreement and EnDevCo has the remaining 33% interest.

The Company has designated Open Choke as the project Operator who will re-enter the existing East Cameron 71-7 well and attempt to complete the "OC" pay sand. In the event that this re-entry is not successful, EnDevCo has the right to drill a replacement well to test the "OC" pay sand within a reasonable time frame.

Pursuant to a joint participation agreement between EnDevCo and Open Choke, the Company will have access to the production platforms on East Cameron Block 71/72 Field which are equipped with all necessary production facilities and pipelines to support increased oil and gas production resulting from drilling and completing new wells.

Upper Magdalena River Region, Colombia - On September 25, 2003, the Company purchased from Harvest Production Company, LLC an option to participate in the acquisition and processing of 101 kilometers of 2D seismic, and a continuing option to participate on a joint venture basis in wells to be drilled after the interpretation of that seismic on their Rio Magdalena Association Contract comprising 58,546 hectares (144,600 acres) situated in the Upper Magdalena River region of Colombia. On June 25, 2005 the Company acquired an option from Harvest Production Company, LLC to purchase 50% of seller's interest in the assets covered by the September 25, 2003 option, proven undeveloped reserves in the block and seller's proprietary data previously acquired over the lease acreage described above, in consideration of the Company securing financing for development. This option expires June 30, 2007.

Cleveland County, Oklahoma - On April 13, 2006, the Company acquired a 98.712% working interest with a 76.9954% net revenue interest in the West Short Junction Unit and a 100% working interest with a 78% net revenue interest in the Central Short Junction Unit hereinafter referred to as the ("Short Junction Field and/or the Field") located in Oklahoma City, Oklahoma through its subsidiary EnDevCo Eureka, LLC for a purchase price of \$11.5 million. EnDevCo Eureka is owned 55% by its parent EnDevCo, Inc. and 45% by private investors who are related parties. These investors contributed \$3.0 million in equity to enable EnDevCo to consummate the transaction. EnDevCo Eureka, LLC, managed by EnDevCo personnel, will be the Operator for the project which has an acquisition date of January 01, 2006.

EnDevCo, Inc. and Subsidiaries
June 30, 2006

OIL AND GAS EXPLORATION AND DEVELOPMENT (cont)

Project financing was provided by GasRock Capital, LLC of Houston, Texas and takes the form of a \$30.0 million credit facility. GasRock Capital provides project based mezzanine debt financing to the oil and gas industry by backing proven management teams that identify high quality exploitation projects like the Short Junction Field.

The 12,000 acre fully unitized Field currently consists of 20 oil wells and 1 gas well, 4 central collection and metering stages and 4 salt water disposal wells. The Field is currently producing a sustained 165 barrels of oil equivalent (BOE) per day comprised of 125 barrels of oil and 242 Mcf of gas which represents a solid 40% production increase from April 13 to July 31, 2006.

Since acquiring the Field, the Company has methodically performed maintenance activities on all oil wells to include improved chemical and hot oil treatments; pump jack re-alignment, bearing and rod replacement, beam compressor installation and pipeline integrity testing and cleanout. EnDevCo has also installed new pumps, a new water knockout and two new heater treaters for improved oil separation at the central collection and metering stages and terminated the re-injection of water into the Hunton reservoir by re-piping and installing a new salt water disposal well.

The Field purchase included full ownership rights to a field wide gas pipeline and gathering system that offers two independent taps to the interstate gas transmission system.

Short Junction Field was originally developed by Conoco using vertical wells drilled on a 40 acre well spacing, resulting in oil and gas production from 270 active wells within the 12,000 acre leasehold. The Field currently contains 31 unplugged well bores of which 21 are currently active. EnDevCo plans an aggressive workover and recompletion program prior to December 31, 2006 which should significantly increase the current daily production.

Historically the primary zone of interest has remained the Hunton formation for oil production. However, above the Hunton, the Bartlesville, Prue, Red Fork and Skinner Sandstones along with the Pink Lime zones are present and most are indicated as productive based on well log analysis.

Current bottom hole pressures recently measured in the Hunton indicate that formation pressure today is essentially the same as when the Field was originally placed on production. This unique characteristic occurs as a result of the fact that Conoco instituted a water flood pressure maintenance program in the early stages of developing the field. As a result of this pressure maintenance, the original gas cap in the Hunton reservoir has never been produced.

EnDevCo plans to implement a 3D seismic program over the leasehold later this year in order to pursue an aggressive horizontal drilling program in the Hunton formation to increase oil and gas production from that reservoir and to develop identified shallow gas sand reservoirs indicated on the subsurface well control.

EnDevCo, Inc. and Subsidiaries
June 30, 2006

ENERGY TECHNOLOGY DEVELOPMENT

Development and implementation of new energy technologies will become a key new business focus for the Company. The identification of and early participation in the implementation of these types of technologies opens several avenues for potential revenue generation and profits. In some instances, the technology can be manufactured and sold to end users once the market accepts the technology. In other instances, the technology might provide a unique competitive advantage that can be successfully leveraged by the Company in the acquisition and development of existing energy projects. Initially, the Company will limit its scope of investigation to those technologies that directly compliment the oil and gas, and power industries.

POWER GENERATION

The Company has management experience and expertise in the areas of power plant development, operations, and optimization. The Company intends to pursue opportunities to serve as a management team representing the interests of lenders and private equity investors in control of generation assets acquired from the troubled merchant generation sector.

RESULTS OF OPERATIONS

This report, including Management's Discussion and Analysis of Financial Condition and Results of Operations, includes certain forward-looking statements. The forward-looking statements reflect the Company's expectations, objectives and goals with respect to future events and financial performance. They are based on assumptions and estimates, which the Company believes are reasonable. However, actual results could differ materially from anticipated results. Important factors that may impact actual results include, but are not limited to, commodity prices, political developments, market and economic conditions, industry competition, the weather, changes in financial markets and changing legislation and regulations. The forward-looking statements contained in this report are intended to qualify for the safe harbor provisions of Section 21E of the Securities Exchange Act of 1934, as amended. 		=====	=====

Cash Flow from Operating Activities

2006

Cash used by operating activities totaled \$64,527 during 2006, cash provided by operating activities during 2005 was 5,610. Contributing to this increase was \$25,000 in issuance of stock for salary, \$750,500 in issuance of stock for consulting, \$60,000 in depletion, a \$97,103 decrease in prepaid expenses, a \$294,321 increase in accounts receivable, a \$23,455 increase in accounts receivable – joint interest, a \$254,216 increase in accounts receivable – other, a \$139,826 decrease in accrued interest, a \$66,568 decrease in accounts payable, a \$10,777 increase in accrued expenses, a \$396,000 increase in accrued salaries and a \$8,064 increase in taxes payable.

2005

Cash provided by operating activities was 5,610 during 2005. Contributing to this decrease was \$455,756 in issuance of stock for expenses, accrued interest of \$46,422, accounts payable decrease of \$2,266 and an decrease of \$188,133 in accrued expenses and an increase of \$15,189 in taxes payable.

Cash Flow from Investing Activities

2006

The Company purchased oil and gas property during 2006 in the amount of \$12,314,359 for the Short Junction project.

2005

There were no cash flows from investing activities during 2005.

Cash Flow from Financing Activities

EnDevCo, Inc. and Subsidiaries
June 30, 2006

2006

The Company received capital contributions of \$3,500,000 from private parties and has a note payable of \$9,666,213 for purchase of the Short Junction project.

2005

There were no cash flows from financing activities during 2005.

Directors and Officers Compensation

The Company currently has nominal cash reserves and no cash flow from operations. Until such time as the financial condition of the Company improves, the Company's Directors and Officers have agreed to have their salaries accrued with the sole exception that James C. Row, Chief Financial Officer, received preferred stock consideration during the 2nd quarter of 2006.

Project Development Guidelines

In recognition of the status of current financial resources available to the Company, executive management is committed to identifying and implementing projects that can be primarily project financed. This strategy reduces financial risk to the Company, but necessarily adds additional lead time before projects can be secured and announced to the shareholders.

There are no assurances, however, that the Company will be able to identify and implement financing to develop its projects or that it will be able to generate sufficient revenue growth and improvements in working capital.

As no revenue is currently generated from operations, the Company will have to raise additional working capital through the sale of its Common stock. No assurance can be given that funds will be available from any source when needed by the Company or, if available upon terms and conditions reasonably acceptable to the Company.

The Company is exploring debt and equity financing.

ITEM 3. CONTROLS AND PROCEDURES

As required by Rule 13a-15(b), Company's executive management, including the Chief Executive Officer, Chief Operating Officer and Chief Financial Officer, conducted an evaluation as of the end of the period covered by this report, of the effectiveness of the Company's disclosure controls and procedures as defined in Exchange Act Rule 13a-15(e). Based on that evaluation, the Chief Executive Officer, Chief Operating Officer and Chief Financial Officer concluded that the Company's disclosure controls and procedures were effective as of the end of the period covered by this report. As required by Rule 13a-15(d), the Company's executive management, including the Chief Executive Officer, Chief Operating Officer and Chief Financial Officer, also conducted an evaluation of the Company's internal control over financial reporting to determine whether any changes occurred during the period covered by this report that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting. Based on that evaluation, there has been no such change during the period covered by this report.

PART II - OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

Legal Proceedings for the Quarter Ended June 30, 2006:

As of December 31, 2005, the law firm of Ware, Jackson, Lee & Chambers, L.L.P. ("WJLC"), along with the law firm of G. Wesley Urquhart, P.C., were and remain the attorneys of record for the Company in a case styled: Cause No: 2001-63909; *Adair International Oil & Gas, Inc., et al. v. Chase Mellon Shareholder Services, Inc., et al.*

The Company's original claims in this lawsuit against John W. Adair ("Adair"), Jalal Alghani ("Alghani") and Vivian Quintero ("Quintero") involved allegations of fraud, conspiracy, and breach of fiduciary duties owed to the Company by Adair and Alghani while they were officers and directors of the Company. The Company's claims against Quintero involved allegations of fraud, conspiracy, and breach of fiduciary duties while she was employed by the Company as office manager and personal assistant to Adair during the time he served as Chairman of the AIGI Board of Directors. The Company has settled each of the above-mentioned claims against Adair, Alghani, and Quintero.

In June 2003, the Company sued, and thus, added certain stock transfer agents, brokerage firms, and auditing firms to the lawsuit. These transfer agents, brokerage firms and auditing firms are currently the only remaining defendants in this lawsuit of which the Company's claims include negligence, gross negligence, fraud, conspiracy, and breach of fiduciary duty. The Company settled its claims in mediation against (1) auditor, Jackson & Rhodes, and (1) transfer agent, U.S. Stock Transfer Corp.

The Company settled its claims against the remaining Defendants, which were (3) auditors, Malone & Bailey, Jack Sisk & Company, Braden Bennick, Goldstein, Gazaway & Company; (2) transfer agents, Chase & Mellon Shareholder Services, Inc. and Mellon Investor Services, LLC and (2) stockbroker firms, Union Securities Ltd. and Merrill Lynch after mediation, but before trial.

The Company has settled with all defendants. No further litigation with any party regarding this case is anticipated at this time.

As of June 1, 2006, the law firm of Phillips & Akers, P.C. ("A&P"), are the attorneys of record for the Company in a case styled: Cause No: 2006-34662; *Farzad Askari v. EnDevCo, Inc.*

Mr. Farzad has filed a breach of contract case claiming the Company (the defendant) has not paid Mr. Farzad (the plaintiff) promised stock shares and \$33,000 in wages for work he did as a consultant in 2002 for John W. Adair and Adair International Oil & Gas, Inc. The Company believes that Mr. Farzad was never a valid consultant for the Company and never did any work for the Company and therefore is not entitled to receive any compensation.

The Company is a party to various claims, but is not a party to any other litigation at this time. Although no assurances can be given, the Company believes based on its experience to date, that the ultimate

EXHIBIT 31.1

CERTIFICATION OF CHIEF EXECUTIVE OFFICER PURSUANT TO RULE 13A-14(A) OR 15D-14(A) UNDER THE SECURITIES EXCHANGE ACT OF 1934

In connection with the Quarterly Report of EnDevCo, Inc. (the "Company") on Form 10QSB (the "Report") for the quarter ended June 30, 2006 (the "Reporting Period"), as filed with the Securities Exchange Commission on the date hereof under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), the undersigned, Chris A. Dittmar, Chief Executive Officer of the Company, certifies pursuant to Rule 13a-14(a) or 15d-14(a) under the Exchange Act that:

1. I have reviewed the Report.
2. Based on my knowledge, the Report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which they are made, not misleading with respect to the Reporting Period.
3. Based on my knowledge, the consolidated financial statements and other financial information included in the Report fairly present in all material respects the financial condition, results of operations and cash flows of the Company as of the date and for the periods reported therein.
4. The Company's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Rule 13a-15(e) and 15d-15(e) under the Exchange Act) for the Company and internal control over financial reporting (as defined in Rule 13a-15(f) and 15d-15(f) under the Exchange Act) for the Company, and we have:
 - (a) designed those disclosure controls and procedures, or caused them to be designed under our supervision, to ensure that material information relating to the Company, including its consolidated subsidiaries, is made known to us by other personnel employed by the Company and its subsidiaries, particularly within the Reporting Period;
 - (b) designed those internal controls over financial reporting, or caused them to be designed under our supervision, to provide reasonable assurances regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) evaluated the effectiveness of the Company's disclosure controls and procedures and presented in the Report our conclusions about the effectiveness of those disclosure controls and procedures, as of the end of the Reporting Period based on that evaluation; and
 - (d) disclosed in the Report any change in the Company's internal control over financial reporting that occurred during the last fiscal quarter of the Reporting Period that has materially affected or is reasonably likely to materially affect the Company's internal control over financial reporting.
